

## Apollo 202 NUMERIC PAGER

Built-in Synthesized Crystal UHF 400~470Mhz, VHF 100~174Mhz 929~932Mhz frequencies can be programmed manually on the Device, Password Protected Compact side-read numeric pager

- Wideband/Narrowband operation
- VHF / UHF / 900 / FLEX
- Larger LCD than a comparably sized top-read pager

## Product Description

The AL202 is a compact numeric pager with a rugged side-read design. Features include:

- A holographically-enhanced LCD that is approximately twice as large as a compact top-read pager (such as the AL901 TPlus);
- A dedicated row of status icons to instantly confirm settings such as alert type and reception without navigating complicated menus;
- Hand programming mode for changing capcodes and other basic settings directly from the pager, simplifying redeployment or reassignment without external programming equipment;
- Canned alphanumeric messaging, adding 40 short, preprogrammed phrases (each triggered by a 2-digit phrase number when paging);
- Power from a single AAA battery (plus lithium backup battery).

## Specifications

SKU	202
Pager Type	Numeric (includes canned alphanumeric messages triggered by phrase number)
Paging Protocol / Format	POCSAG
Pager Form Factor	Compact handheld / clip-on
Available Frequency Bands	VHF, UHF
Bandwidth Options	Operates narrowband (12.5 kHz efficiency)
Pager Baud / Bit Rates (bps)	512 / 1200 / 2400 (programmable)
Capcode Addresses	4
Controls	3 multi-function navigation buttons
LED Indicators	No LED lamp
LCD Display	Holographically-enhanced LCD, approximately 1-1/2" x 3/8" (38 x 10mm); 1 line / 12 characters; power-saving dual backlights
Alert Methods for Pages	Beep (4 beep, 10 melody); Vibe; LCD
Alert Volume for Pages	85dB @ 4" (10cm)
Language Selection	English
Hand Programming Features	Frequency, capcodes, baud rate, lock mode, and password programmable directly from pager (hand programming feature may also be disabled via PC programming software)

Message Management Features	26 total memory slots for incoming and saved messages; selective message lock / delete; unread message indicator; duplicate message indicator; message full indicator; unread message reminder; message error indicator
Date & Time Features	Month, Date, Year, Time display; 3 daily alarm sets
Battery Type	Alkaline AAA
Battery Configuration	1 x AAA; lithium backup battery
Housing Material	Heavy gauge polycarbonate plastic
Color	Black
Special Ratings & Certifications	No
Additional Features	Canned alphanumeric messaging with 40 preprogrammed phrases (each triggered by a phrase number during paging); user-friendly navigation with icons and text labels for menus and tasks
Package Contents	Pager; holster with belt clip; 1 x AAA alkaline battery
Warranty	1 year parts and laborOptional: 3 year extended warranty (2 additional years); 5 year extended warranty (4 additional years)
Common Applications / Industries	Automotive Dealers & Service Centers, Healthcare (Hospitals, Doctors Offices, Care Homes), Hotels / Resorts / Casinos, Schools / Colleges / Universities
